13 Respondent acknowledges that he has the right to consult with legal counsel regarding
14 this matter.

15 2. By entering into this Consent Agreement, Respondent voluntarily
16 relinquishes any rights to a hearing or judicial review in state or federal court on the

FINDINGS OF FACT

1. The Board is the duly constituted authority for the regulation and control of the practice of allopathic medicine in the State of Arizona.

2. Respondent is the holder of license number 29601 for the practice of allopathic medicine in the State of Arizona.

3. The Board initiated case number MD-08-0739A after Respondent notified the Board that he had a substance abuse problem. Subsequently, the Board received a notification from the Arizona Orthopedic Surgical Hospital (Hospital) alleging Respondent demonstrated behavior that raised concerns regarding potential health and/or substance abuse issues while with a patient.

4. On June 27, 2008, the Hospital reported concerns regarding Respondent's possible impairment while with a patient in the operating room. The Hospital's medical director requested that Respondent submit to a urine drug screen. Rather than submit to the drug screen, Respondent resigned. Subsequently, three of Respondent's patient charts were reviewed and although no deviations were found, it was noted that Respondent had diverted narcotics from patients during surgery and self-medicated with Fentanyl and Sufentanil.

5. On June 30, 2008, Respondent notified Board Staff of his substance abuse issues and was assessed by the Board's Addiction Medicine Consultant. The Consultant's impression was opioid dependence and he recommended that Respondent submit to a urine and hair drug screen, which was negative. From July 3, 2008 through August 2, 2008, Respondent underwent treatment at a residential facility. The treatment facility referred Respondent to a long-term treatment facility for an additional 30-60 days.

6. On October 3, 2008, Respondent completed residential treatment. The treatment facility recommended that Respondent not return to work in the operating room

1 or in surgery centers where he would have access to intravenous narcotics. Respondent
2 subsequently obtained an additional opinion from another treatment facility and was again
3 diagnosed with opioid dependence with a recommendation that he not return to practice of
4 operating room anesthesiology at this time. The recommendations from the treatment
5 facilities included that his work hours be restricted to no more than 40 per week, that he
6 obtain an individual therapist, enter into a monitored aftercare program, and undergo
7 another evaluation prior to returning to the practice of anesthesiology.

8 7. On October 6, 2008, Respondent entered into an Interim Consent
9 Agreement for Practice Limitation. On October 8, 2008, Respondent entered into a
10 Consent Agreement for Monitored Aftercare Program (MAP) participation.

11 **CONCLUSIONS OF LAW**

12 1. The Board possesses jurisdiction over the subject matter hereof and over
13 Respondent.

14 2. The conduct and circumstances described above constitute unprofessional
15 conduct pursuant to A.R.S. § 32-1401(27)(f) ("[h]abitual intemperance in the use of alcohol
16 or habitual substance abuse."), A.R.S. § 32-1401(27)(g) ("[u]sing controlled substances
17 except if prescribed by another physician for use during a prescribed course of treatment.")
18 and A.R.S. § 32-1401(27)(q) ("[a]ny conduct or practice that is or might be harmful or
19 dangerous to the health of the patient or the public.").

20 **ORDER**

21 IT IS HEREBY ORDERED THAT:

- 22 1. Respondent is issued a Decree of Censure.
- 23 2. Respondent shall not practice anesthesiology and is prohibited from
24 prescribing, handling, administering, or storing intravenous narcotics.
- 25

1 3. Respondent may petition the Board to terminate the practice restriction after
2 he has successfully completed at least two years of the Monitored Aftercare Program and
3 undergone a substance abuse evaluation at a Board-approved facility to determine his
4 ability to practice as an anesthesiologist. The Board may require any combination of staff
5 approved physical examination, psychiatric and/or psychological evaluations, or successful
6 passage of the Special Purpose Licensing Examination or other competency
7 examination/evaluation or interview it finds necessary to assist it in determining
8 Respondent's ability to safely and competently return to the active practice of
9 anesthesiology and to prescribe, handle, administer and store Intravenous narcotics.
10 Respondent is responsible for all expenses related to any evaluation.

12 4. Respondent shall not work more than 40 hours per week, this includes being
13 on call status. Respondent shall submit quarterly reports to the Board affirming that
14 Respondent has complied with this condition. The reports must be submitted on or before

1 Board's program for the treatment and rehabilitation of physicians who are impaired by
2 alcohol or drug abuse ("MAP"). Respondent's participation in MAP may be unilaterally
3 terminated with or without cause at the Board's discretion at any time after the issuance of
4 this Order.

5 2. Relapse Prevention Group. Respondent shall attend MAP's relapse
6 prevention group therapy sessions one time per week for the duration of this Order, unless
7 excused by the MAP relapse prevention group facilitator for good cause such as illness or
8 vacation. Respondent shall instruct the MAP relapse prevention group facilitators to

10 to submit monthly reports to Board Staff regarding attendance and progress. The reports
11 shall be submitted on or before the 10th day of each month.

12 3. 12 Step or Self-Help Group Meetings. Respondent shall attend
13 ninety 12-step meetings or other self-help group meetings appropriate for substance
14 abuse and approved by Board Staff, for a period of ninety days beginning not later than
15 either (a) the first day following Respondent's discharge from chemical dependency
16 treatment or (b) the date of this Order.

17 4. Following completion of the ninety meetings in ninety days,
18 Respondent shall participate in a 12-step recovery program or other self-help program
19 appropriate for substance abuse as recommended by the MAP Director and approved by
20 Board Staff. Respondent shall attend a minimum of three 12-step or other self-help
21 program meetings per week for a total of twelve per month. Two of the twelve meetings
22 must be Caduceus meetings. Respondent must maintain a log of all self-help meetings.
23 Board Staff will provide the log to Respondent.

24 5. Respondent shall take Naltrexone for a period determined by the MAP
25 Medical Director.

1 **6. Board-Staff Approved Primary Care Physician.** Respondent shall
2 promptly obtain a primary care physician and shall submit the name of the physician to
3 Board Staff in writing for approval. The Board-approved primary care physician ("PCP")
4 shall be in charge of providing and coordinating Respondent's medical care and treatment.
5 Except in an *Emergency*, Respondent shall obtain medical care and treatment only from
6 the PCP and from health care providers to whom the PCP refers Respondent.
7 Respondent shall request that the PCP document all referrals in the medical record.
8 Respondent shall promptly inform the PCP of Respondent's rehabilitation efforts and
9 provide a copy of this Order the PCP. Respondent shall also inform all other health care
10 providers who provide medical care or treatment that Respondent is participating in MAP.

11 a. "*Emergency*" means a serious accident or sudden illness that, if not
12 treated immediately, may result in a long-term medical problem or loss of life.

13 **7. Medication.** Except in an *Emergency*, Respondent shall take no
14 *Medication* unless the PCP or other health care provider to whom the PCP refers
15 Respondent prescribes the *Medication*. Respondent shall not self-prescribe any
16 *Medication*.

17 a. "*Medication*" means a prescription-only drug, controlled substance,
18 and over-the counter preparation, other than plain aspirin, plain ibuprofen,
19 and plain acetaminophen.

20 **8.** If a controlled substance is prescribed, dispensed, or is administered
21 to Respondent by any person other than PCP, Respondent shall notify the PCP in writing
22 within 48 hours and notify the MAP Director immediately. The notification shall contain all
23 information required for the medication log entry specified in paragraph 8. Respondent
24 shall request that the notification be made a part of the medical record. This paragraph
25 does not authorize Respondent to take any *Medication* other than in accordance with

paragraph 6.

9. **Medication Log.** Respondent shall maintain a current legible log of all *Medication* taken by or administered to Respondent, and shall make the log available to the Board Staff upon request. For *Medication* (other than controlled substances) taken on an on-going basis, Respondent may comply with this paragraph by logging the first and last administration of the *Medication* and all changes in dosage or frequency. The log, at a minimum, shall include the following:

- a. Name and dosage of *Medication* taken or administered;
- b. Date taken or administered;
- c. Name of prescribing or administering physician;
- d. Reason *Medication* was prescribed or administered.

This paragraph does not authorize Respondent to take any *Medication* other than in accordance with paragraph 6.

10. **No Alcohol or Poppy Seeds.** Respondent shall not consume alcohol or any food or other substance containing poppy seeds or alcohol.

11. **Biological Fluid Collection.** During all times that Respondent is physically present in the State of Arizona and such other times as Board Staff may direct, Respondent shall promptly comply with requests from Board Staff or MAP Director to submit to witnessed biological fluid collection. If Respondent is directed to contact an automated telephone message system to determine when to provide a specimen, Respondent shall do so within the hours specified by Board Staff. For the purposes of this paragraph, in the case of an in-person request, "promptly comply" means "immediately." In the case of a telephonic request, "promptly comply" means that, except for good cause shown, Respondent shall appear and submit to specimen collection not later than two hours after telephonic notice to appear is given. The Board in its sole discretion shall

determine good cause.

12. Respondent shall provide Board Staff in writing with one telephone number that shall be used to contact Respondent on a 24 hour per day/seven day per week basis to submit to biological fluid collection. For the purposes of this section, telephonic notice shall be deemed given at the time a message to appear is left at the contact telephone number provided by Respondent. Respondent authorizes any person or organization conducting tests on the collected samples to provide testing results to the Board and the MAP Director.

13. Respondent shall cooperate with collection site personnel regarding biological fluid collection. Repeated complaints from collection site personnel regarding Respondent's lack of cooperation regarding collection may be grounds for termination from MAP.

14. Out of State Travel and/or Unavailability at Home or Office Telephone Number. Respondent shall provide Board Staff at least three business days advance written notice of any plans to be away from office or home when such absence would prohibit Respondent from responding to an order to provide a biological fluid specimen or from responding to communications from the Board. The notice shall state the reason for the intended absence from home or office, and shall provide a telephone number that may be used to contact Respondent.

15. Payment for Services. Respondent shall pay for all costs, including personnel and contractor costs, associated with participating in MAP at time service is rendered, or within 30 days of each invoice sent to Respondent.

16. Examination. Respondent shall submit to mental, physical, and medical competency examinations at such times and under such conditions as directed by the Board to assist the Board in monitoring Respondent's ability to safely perform as a

1 physician and Respondent's compliance with the terms of this Order.

2 **17. Treatment.** Respondent shall submit to all medical, substance
3 abuse, and mental health care and treatment ordered by the Board.

4 **18. Obey All Laws.** Respondent shall obey all federal, state and local
5 laws, and all rules governing the practice of medicine in the State of Arizona.

6 **19. Interviews.** Respondent shall appear in person before the Board and
7 its Staff and MAP committees for interviews upon request, upon reasonable notice.

8 **20. Address and Phone Changes, Notice.** Respondent shall
9 immediately notify the Board in writing of any change in office or home addresses and
10 telephone numbers.

11 **21. Relapse, Violation.** In the event of chemical dependency relapse by
12 Respondent or Respondent's use of drugs or alcohol in violation of the Order, Respondent
13 shall promptly enter into an Interim Consent Agreement for Practice Restriction that
14 requires, among other things, that Respondent not practice medicine until such time as
15 Respondent successfully completes long-term inpatient or residential treatment program
16 for chemical dependency designated by Board Staff and obtains affirmative approval from
17 the Board or the Executive Director to return to the practice of medicine. Prior to
18 approving Respondent's request to return to the practice of medicine, Respondent may be
19 required to submit to witnessed biological fluid collection, undergo any combination of
20 physical examination, psychiatric or psychological evaluation and/or successfully pass the
21 special purpose licensing examination or the Board may conduct interviews for the
22 purpose of assisting it in determining the ability of Respondent to safely return to the
23 practice of medicine. In no respect shall the terms of this paragraph restrict the
24 Board's authority to initiate and take disciplinary action for violation of this Order.
